## **DETAILED ACTION**

### ***Response to Amendment***

1. Applicant's amendments filed on January 20, 2005, and January 27, 2005 have been entered. Claims 5, 11, 13 and 14 have been amended. Claims 1-4 have been cancelled. Claims 15-22 have been added. Claims 5-22 are still pending in this application, with claims 5 and 18 being independent.
2. The drawings were received on January 27, 2005. These drawings are acceptable.

### ***Allowable Subject Matter***

3. Claims 5-22 are allowed.
4. The following is an examiner's statement of reasons for allowance:  

Applicant teaches an illumination device having a support portion, a clamp element located in the support portion, and a socket portion pivotally coupled to a flexible tube, such tube extending from the support portion. The socket portion includes a strip light cover having a plurality of screw posts with bevel threads formed on an inside surface of such posts. A matching semi-cylinder seat is combined with the cover by a plurality of screws. Two conductors having a folded and elastic holding part are located in the socket portion, with the light elements leads being received by a plurality

of plug holes formed above the holding part of the two conductors, and held by such holding parts.

No prior art was found teaching individually, or suggesting in combination, all of the features of the applicants' invention, specifically the claimed socket portion or conductor structures in combination with the claimed support portion.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
